

## Tuition fee rates per unit for international non-award and cross-institutional student course fee calculations

The table below shows the tuition fee 'rates per unit' used for calculating course fees for international students enrolled in non-award or cross-institutional study at UQ, for the listed enrolment year.

The course discipline (also known as a subject area) determines the 'rate per unit' that applies<sup>1</sup>.

A course fee is calculated by multiplying the relevant tuition fee 'rate per unit' in the table below by the unit value of the course.

This schedule does not apply to Study Abroad students.

<sup>1</sup> Fee rate variations may apply within a course discipline for specific courses or academic levels. These are identified in the 'Course exceptions' column in the table.
