

2022 Fee Schedule

Tuition fee rates per unit for international student course fee calculations

This schedule applies to international students who commenced their current undergraduate or postgraduate program before 2016.

The table below shows the tuition fee rates per unit used for calculating course fees for the listed enrolment year.

The course discipline and the year a student commenced their program determines the fee rate per unit that applies¹.

A course fee is calculated by multiplying the relevant tuition fee rate per unit in the table below by the unit value of the course.

¹ Fee rate variations within a course discipline for specific courses or course levels may apply. These are identified in the 'Course exceptions' column in the table. A rate per unit may also vary according to the faculty to which a course belongs.
