\* An annual fee calculated for a full-time study load is the fee rate per unit for a program multiplied by the usual number of units undertaken in an academic year. For most programs this is 16#. Units (#) represent the value of individual courses which contribute to the total unit requirement of an academic program (most courses are worth #2). The fee for less than a standard full-time study load in a year will be proportionately lower.

\*\*Based on 24# per academic year

\*\*\* As fees are indexed annually, it is not possible to calculate precisely the total cost of a program in advance. The indicative total program fee, for a program commenced in 2018, has been calculated using an annual indexation rate of six percent, and assumes a student completes the minimum required units in the standard program duration.

- International students may not undertake this program on campus at UQ on a full-time basis and are therefore not eligible for an Australian student visa; the program may be studied from your home country / outside Australia.

+ Based on part-time enrolment (#4) in the semester
