

2020 Fee Schedule

Tuition fee rates per unit for domestic postgraduate student course fee calculations

The table below shows the tuition fee rates per unit used for calculating course fees for domestic students enrolled in postgraduate programs and postgraduate non-award courses, for the listed enrolment year.

The course discipline¹ and the year a student commenced their program² determine the rate per unit that applies.

A course fee is calculated by multiplying the relevant tuition fee rate in the table below by the unit value of the course.

Visit the [unit of study schedules](#) for domestic students for published course fees, available from November prior to the enrolment year.

¹ Tuition fee rates may vary within a course discipline for specific courses or academic levels. These are identified in the 'Course exceptions' column in the table. A fee rate for a course discipline may also vary according to the faculty to which a course belongs.

² The commencement year for postgraduate non-award and cross-institutional students is the year of enrolment.
