

2020 Fee Schedule

Tuition fee rates per unit for domestic undergraduate course fee calculations

The table below shows the tuition fee rates per unit used for calculating course fees for undergraduate domestic students who do not have a Commonwealth supported place, for the listed enrolment year.

The course discipline (subject area) determines the rate per unit that applies.

A course fee is calculated by multiplying the relevant tuition fee rate in the table below by the unit value of the course.

Visit the [unit of study schedules](#) for domestic students for published course fees. These are available from November prior to the enrolment year.
